

## Junior Swim Waiver 2021

Open water swimming is only suitable for competent swimmers and in the case of children under 16 years of age it is recommended that they are at least club standard swimmers. We also strongly recommend that swimmers use a tow float.

I confirm that my child

- Can swim unaided continuously for at least 250m
- Will be accompanied by an adult at all times
- Will only swim the short loops, 400m being the longest loop permitted
- Will be wearing a swimming wetsuit whilst swimming

An exemption to the above is permitted if the swimmer's swim squad coach or suitably qualified person provides a letter confirming the swimmers ability which is to the satisfaction of the Bray Lake Watersports management.

Please note juniors are not allowed to swim between 1<sup>st</sup> October – 31<sup>st</sup> March without prior consent from Bray Lake Management.
